

1. Let's drag the shapes and drop in the correct blank.

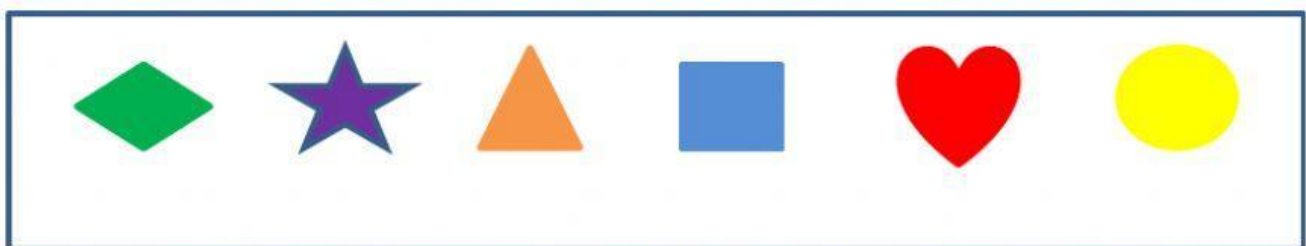

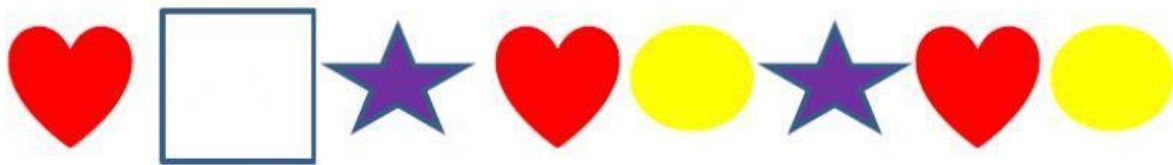

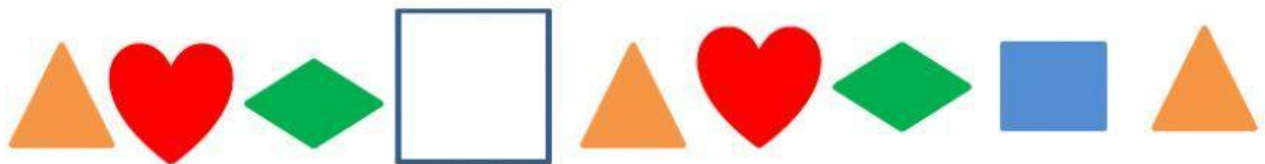

Shapes

2. Count the shapes and choose the correct number.

3. Let's look at shapes in each set and then drag the shape in the shape bank and drop in the correct blank.

4. Let's help the Monsters identify these shapes by tick to the correct shape.

Where is the circle?

Where is the heart?

Where is the square?

Where is the triangle?

Where is the star?

Where is the diamond?
