

Chapter 9

Perimeter of a quadrilateral = the sum of all sides

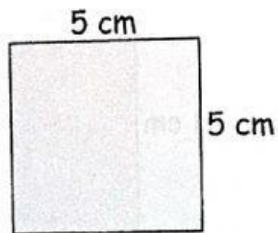

Example: Find the perimeter of the parallelogram.

$$\begin{aligned}\text{Perimeter} &= 4 + 4 + 6 + 6 \\ &= 20 \text{ cm}\end{aligned}$$

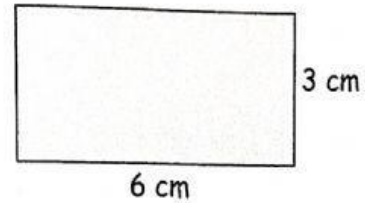

E Find the perimeter of the following quadrilateral.

1.

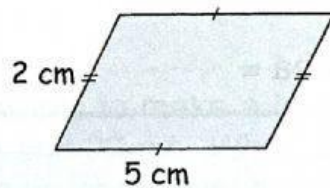

Perimeter:

2.

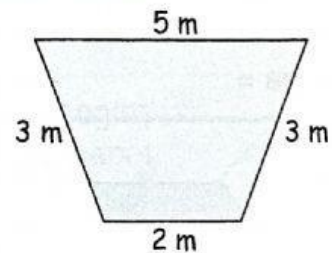

Perimeter:

3.

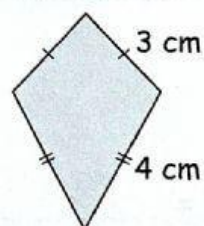

Perimeter:

4.

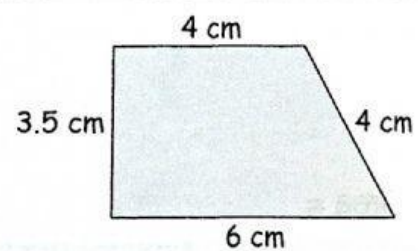

Perimeter:

5.

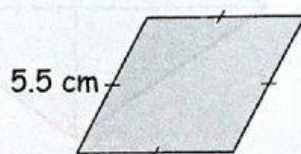

Perimeter:

6.

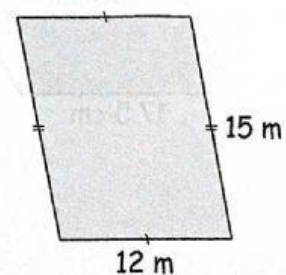

Perimeter:

7.

Perimeter:

8.

Perimeter:
