Name _____

Pebble Go Scavenger Hunt

Using the "Student Tools" tab at the top of the page on the LMS go to PEBBLE GO. Here you will find lots on information about various subjects. We are going to use the ANIMALS tab to answer the questions below and to become more familiar with PEBBLE GO. Next week students will be using PEBBLE GO for a research activity so I just want them to become familiar with it. One nice feature is that it will read the information to the students. Have fun ☺

Remember to use complete sentences when answering

1. How many types of amphibians are found in Pebble Go?

2. Name the types.

3. What are mudpuppies?

LIVEWORKSHEETS

4. How many types of sharks are there?
