

Game of chores

At home we always play a game
When it's time to tidy []
We score some points for [] chores
And win the housework cup!

Dust the [] to get one point
One more to [] the floor
And if you vacuum all the []
[] you'll get two points more.

In the [], one point each
To clean the shower and []
The toilet is the one we []
So that's five [] I think!

We [] the table for one point
And cook [] food for two
And if you do the []-up
[]'s three more points for you.

Some extra [] can win two points
[] if you clean Mum's car
And [] if you walk the dog
And take it very []

So that's my game, now ask []
(If you want to play)
How many points could you []
If you [] up today?
