

## Read II

Read the passage then choose the best answer.

English is the most widely spoken language in the world. It is more widely used than any other European language including French, Portuguese, and Spanish.

It is also used in countries such as India and Panama. In India, English is used at all levels of society from newspapers, broadcasting, to university education.

India uses nearly 200 languages and needs English as an official language to communicate. In India, it is estimated that 850 million people speak English and write English. That is more people than all the English people in the UK itself!
