4.3 The Sun, Earth, Moon and stars

1 Read and write.

Label the Sun, Moon and Earth.

Circle the mistakes in each sentence. Then write the correct sentence. The first one has been done for you.

a Seven planets circle around the Sun.

Eight planets circle around the Sun.

b Earth is the fourth planet away from the Sun.

c The Moon is at the centre of the solar system.

d We can see the Sun in the night.

e The Sun gives us coolness and light.

f Without the Earth, there would be no life on the Sun.
