THE LAST PARTY

It was New Year's Eve 31 and I was very excited. I went to a special party at 10:00 o'clock. There was a party hat for me and there were many party favors for my friends. There was a mask for my mother and a champagne for my brother. There was confetti and there were streamers There were many fireworks and firecrackers too. This new year I really want to be with you, the countdown started on the count of two.
