### Sensors

#### App sensors

Are these statements true or false?

	Sentences	True or False
1	An accelerometer will help tell you how fast you are going.	
2	A gyroscope will tell you how bright it is outside.	
3	GPS can tell you where you are on Earth.	
4	A gyroscope can tell you if your phone is upside down.	
5	A proximity sensor can tell you how many steps you walked today.
