Everyone needs to be responsible for looking after the environment we live in. The 3 R's are a great way to do this. Reduce, Reuse, Recycle.

Do you know what means? It means you should make less rubbish. Here are some ideas to help you do this:

· Buy only what you need

- containers that can be recycled
- or give away things you don't need
- cleaners which can do lots of jobs
- for things with less packaging
