## Language in Action: Vocabulary in a Castle

1. Read and listen, click and choose the words that appear in the song.

knight sword crown king shield queen

*My life as a knight  
Was exciting for sure!  
But the life I have now  
I think I like more!*

I was a knight last night in a crazy dream!  
I lived in a castle with a king and queen!  
My sword and my axe were there by my side  
And every day I learned to fence and fight!

I was a knight last night, but just in my head!  
I slept with an oil lamp right next to my bed!  
I guarded the king and queen day and night,  
Oh, what a mad night I spent as a knight!
