

## A. Read the the dialog.

|   |   |  |
|---|---|--|
|  | <b>Carol:</b> I feel stressed. Can you give any advice to me?   | <b>Susan:</b> I <b>believe that</b> music can lower your stress. Why don't you try?  |
|   | <b>Carol:</b> That sounds good. Do you listen to music while you are studying?                        | <b>Susan:</b> Never. I <b>think</b> we shouldn't listen to music while studying. It makes difficult to concentrate.                  |
|   | <b>Carol:</b> What do you think about listening to music before sleeping?                             | <b>Susan:</b> Well, I listen to music to feel more relaxed but <b>to me</b> , it's not a good idea to listen to music to sleep well. |
|   | <b>Carol:</b> You're right. I <b>suppose</b> listening to music evokes certain feelings and memories. |  |

## B. Complete the table according to the dialog.

Why does Susan listen to music? Drag and drop.

|    |  |                             |
