

SUMAS.
MIRA EL EJEMPLO:

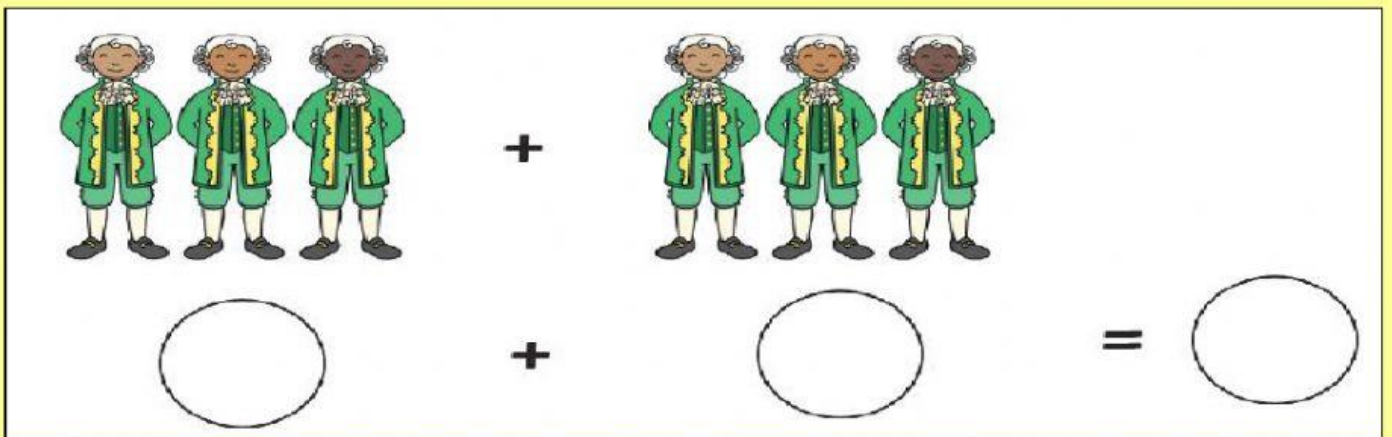

2 + 2 = 4

The example shows two groups of two princesses each, separated by a plus sign. Below each group is a circle containing the number 2. To the right of the plus sign is an equals sign followed by a circle containing the number 4.

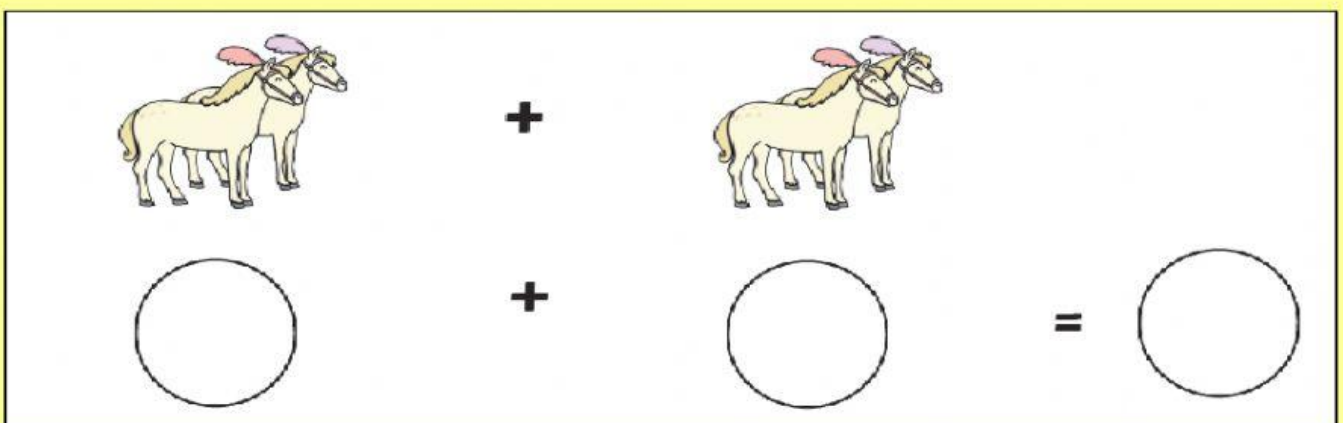

3 + 2 =

The problem shows two groups of girls. The first group has three girls in various dresses (blue, pink, pink), and the second group has two girls (pink, blue). Below each group is a large empty circle. A plus sign is between the circles, and an equals sign is followed by another large empty circle.

3 + 3 =

The problem shows two groups of three boys each, all wearing green uniforms with yellow trim. Below each group is a large empty circle. A plus sign is between the circles, and an equals sign is followed by another large empty circle.

2 + 2 =

The problem shows two groups of two ponies each. Below each group is a large empty circle. A plus sign is between the circles, and an equals sign is followed by another large empty circle.
