go stop drop jump climb run clean walk put

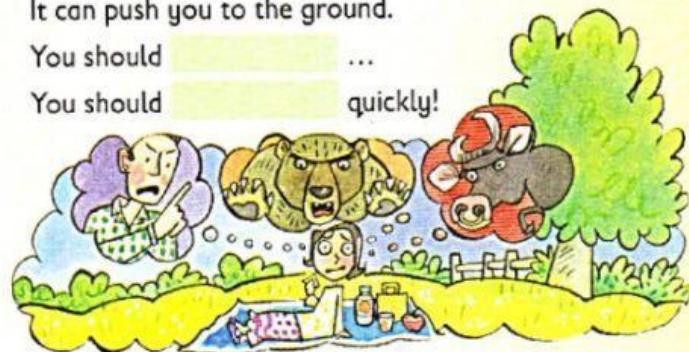

You shouldn't drop your rubbish,
You should stop it in a bin.

You shouldn't leave it on the ground,
You should clean up everything.
Here comes the bear, here comes the bear!
It's coming for your tea!

Should I move or should I stop?
Should I stop that tree?
I should do something now.
That bear / cow is after me.

You shouldn't go across the field,
You should stop around.

You shouldn't go too near that cow,
It can push you to the ground.
You should stop ...
You should run quickly!
