1. Read the text

Four seasons of the year.

There are four seasons in the year: winter, spring, summer and autumn. Every season has got three months. Winter months are December, January and February. Spring months are March, April and May. June, July and August are summer months. And autumn months are September, October and November.

Winter is a beautiful season. It is usually snowy and cold in winter. Children like winter because they can play snowballs in winter.

Spring is my favorite season. It is warm and sunny in spring. There are many flowers and green trees outdoors. The birds sing their songs.

Summer is magic season. It is sunny and hot .The grass is green. The weather is fine. Children can play outdoors and swim in the river.

Autumn is nice season but it often rains in it. It is cold and sometimes windy in autumn. School starts in autumn.
