

Name _____

Score _____

Grade: _____

Date: _____

Round to the nearest ten Lesson 1

Steps to rounding

- 1) Find the **tens place** in the number – 4
- 2) Look at the number in **ones** place - 5
- 3) Determined whether to number is more or less than 5
- 4) If it is **less it remains the same** (let it rest) 54- 50
- 5) If it is **more then round up** (or add one to the tens place) 55- 60
- 6) All the number behind the tens place turns to 0
