

**Instructions: Watch the video and fill in the missing words**

There are \_\_\_\_\_ types of \_\_\_\_\_ and this is how they are named  
Sedimentary, \_\_\_\_\_, Igneous \_\_\_\_\_

AGATE

SCORIA

MALACHITE

GRANITE

BLUE CALCITE

BASALT

There are three types of rocks and this is how they are \_\_\_\_\_  
\_\_\_\_\_, Metamorphic, Igneous

*Sing it*

**We will we will rock you      We will we will rock you**

\_\_\_\_\_ is hot it \_\_\_\_\_ from the underground.

Hot volcano throw it all around. Lava gets \_\_\_\_\_ and turns into \_\_\_\_\_ called Igneous Igneous.

We will we will rock you We will we will rock you

\_\_\_\_\_ and \_\_\_\_\_ wear down rocks. Years and years of erosion.

\_\_\_\_\_ take pieces out to sea where they get buried on the  
\_\_\_\_\_ floor.

We will we will rock you We will we will rock you

Layers build up over many \_\_\_\_\_.

Layers turn hard and then one day \_\_\_\_\_ rocks are made.

We will we will rock you We will we will rock you

Rocks go down into the Earth's crust

\_\_\_\_\_ and \_\_\_\_\_ change them again.

\_\_\_\_\_ rocks are made.
