

Worksheet

Tallying and Frequency Table

Name: _____ Section: _____

1 Mrs Smith made this grouped frequency table to show the scores that her class got in their maths tests.

- a How many students are in her class?
- b How many students got between 13 and 15 marks?
- c How many students got 22 or more marks?
- d What marks did most students get?
- e If your score was in the 16–18 range, what marks could you have scored for the test?

| Score | Frequency |
|-------|-----------|
| 10–12 | 8 |
| 13–15 | 5 |
| 16–18 | 6 |
| 19–21 | 7 |
| 22–24 | 9 |
| Total | 35 |
