### Tallying and Frequency Table

Name: \_\_\_\_\_ Section: \_\_\_\_\_

**1** Mrs Smith made this grouped frequency table to show the scores that her class got in their maths tests.

- a How many students are in her class?
- b How many students got between 13 and 15 marks?
- c How many students got 22 or more marks?
- d What marks did most students get?
- e If your score was in the 16–18 range, what marks could you have scored for the test?

Score	Frequency
10–12	8
13–15	5
16–18	6
19–21	7
22–24	9
Total	35
