Trees are our best friends. We can climb, and they give us fruit. Best of all, they help us breathe. We breathe in oxygen and breathe out carbon dioxide. Tree leaves take in carbon dioxide. Then, they make oxygen. We need trees to breathe.

Some trees are 3,000 years old. Some give us apples and pears. They make the air smell good, and they also give us shade.

Would you like to plant a tree? Find some soft dirt. Plant an acorn and water it every week. Then, you will have your own tree!
