Inventors

Unit 5 Review

LIVEWORKSHEETS

Inventors

Boyan Slat

Boyan Slat invented a long net that could **catch** plastic and take it out of the sea.

Lucy Hughes **invented** a new plastic wrap out of fish skin, which does break down.

Lucy Hughes

Daniel Burd

Daniel Burd **discovered** a way of breaking down plastic bags using microbes.

LIVEWORKSHEETS

Inventors

Boyan Slat

Why did Boyan Slat make a long net?

_____ plastic and take it out of the sea.

Why did Lucy Hughes experiment with fish skin?

_____ *a new plastic wrap.*

Lucy Hughes

Daniel Burd

Why did Daniel Burd do experiments?

_____ a way of breaking down plastic

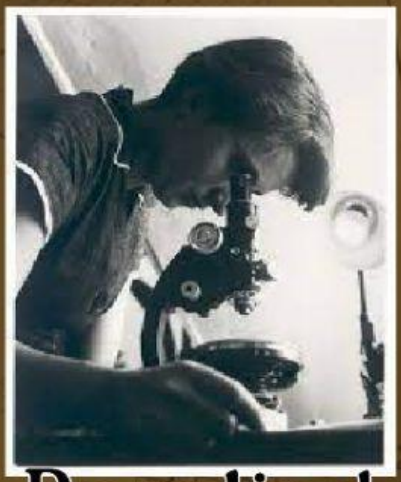

LIVEWORKSHEETS

Inventors

Maria Telkes

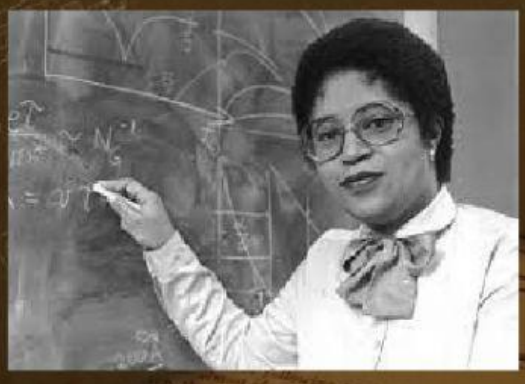

Maria Telkes worked with engineers to design the first solar house.

Rosalind Franklin

Rosalind Franklin invented a way of photographing DNA.

Shirley Jackson

Shirley Jackson's discovery was important to many devices we use today.

LIVEWORKSHEETS

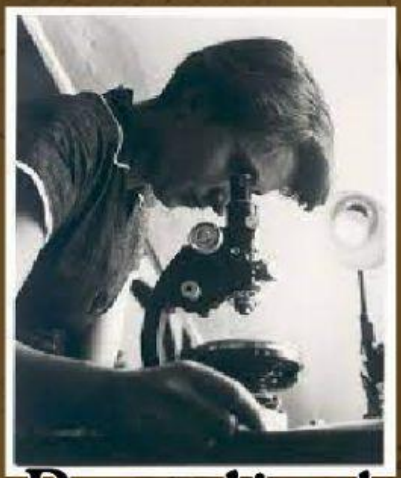

Inventors

Maria Telkes

Maria Telkes invented the first solar house.

Rosalind Franklin invented DNA.

Rosalind Franklin

Shirley Jackson

Shirley Jackson's discovery is used in phones and other technology.
