Hot Job for Cool Kids!

by NIRMA SABU

Yesterday, the pupils of Cherry Lane Kindergarten visited Changi Fire Station at Upper Changi Road. They saw the equipment the fire-fighters use and learned about the important of fire safety. Chief Fire Officer Water Lim took the pupils for a short ride in a fire engine.

"I enjoyed turning on the taps and squirting water at the fire," said Sara Alice, 5. "I have never ridden on the fire engine before. It was so exciting," said her friend, David John, 4.

Pupils of Cheery Lane Kindergarten at the Changi Fire Station

During the visit, pupils tried to wear the fire-fighter's helmets and they slid down the slippery pole. The pupils were also shown fire-safety procedures and escape procedures to be followed in the event of fire. The fire-fighters showed the pupils how to crawl out of a smoky room and close the door behind them. The pupils practiced calling 114 from a telephone.

Miss Jane, a teacher at Cheery Lane Kindergarten who accompanied the children, said that the kindergarten regularly organized such an educational tours for the pupils. "They make learning is real and fun," she said. Chief Fire Officer Lim said, "Everyday, there are fires that can kill people. We think it is important to teach children about fire safety when they are young. They will remember the lessons for life."
