Grandpa and Maggie

Maggie reached the cottage first and looked inside. It was filled with spider webs and dust. Then grandpa grabbed Maggie's hand and walked to the back of the cottage.

There was a swing attached to a strong branch of a tree by old pieces of rope. Maggie climbed on the swing and Grandpa began to push her. She stretched her legs and managed to touch the leaves.

True or False?

1. The passage is about two girls. **True** **False**
