

LET'S EXPLORE!

ACTIVITY 1: UNSCRAMBLE THE LETTERS AND COMPLETE THE SENTENCES.

- 1 Lauren's parents gave her a _____ for her birthday. seeotpelc
- 2 Astronauts travel into space in a _____. kotrce
- 3 There are eight _____ in our solar system. senpalt
- 4 Astronauts wear a _____ when they travel to the Moon. csatuesip
- 5 A _____ can travel around the Earth. elatliest

ACTIVITY 2: READ THE TEXT ABOUT GINA'S TRIP. THEN READ AND CHOOSE THE / 10 CORRECT ANSWERS.

Next week, Gina will visit the National Science Museum with her class. The museum is 65 kilometres from school and the students will travel there by bus. They will leave school at half past eight in the morning. Mrs Gonzalez, the Science teacher, says students must not be late. She wants everyone to be at school before eight o'clock. Everyone has to bring some sandwiches and a drink with them. They also have to bring some money.

At the museum, Gina will watch a film about the International Space Station. In the film, some astronauts will talk about their work. They will explain how they ate and slept when they were in space. There's a model of a rocket at the Science Museum. The rocket can move and students will sit inside it for a few minutes. They will find out what it's like to travel into space.

Students can buy posters and books about space in the shop at the museum. Gina thinks she will buy a book about the solar system. Her friend, Maria, wants to buy a space game. Later, Gina will do a project about the planets. She loves doing these kinds of projects!

- 1 Gina will travel to the National Science Museum next week / tomorrow.
- 2 The students will go to the museum by train / bus.
- 3 Students need / don't need money for their trip.
- 4 At the museum, Gina will sit inside a model of a planet / rocket.
- 5 Gina wants to buy a book / game about space.
