How does electricity travel?

Activity 3

Interactive

Mariam and Ahmed are learning about **electricity**.

Help them to **complete the activity** below to see what they have learnt so far.

Choose **true** or **false** for the statement given.

Statement	True	False
We can see atoms all around us.		
Atoms are made up of protons and electrons.		
Electrons are positive (+) and protons are negative (−).		
Electricity is made of electrons.		
Electic current is measured in Amps.
