**************************************	The Ho	pi of Arizona				

The Hopi live in the northwestern part of Arizona in the United States. With modern things all around them, the Hopi keep their traditions.

There are about ten thousand Hopi and they live in twelve villages in the desert. The weather is very hot in summer, but in winter it freezes. The wind blows hard. Farming is difficult. Corn is the Hopi's main food, but they plant vegetables, too. They raise sheep, goats, and

cattle. They also eat hamburgers, ice cream and drink soft drinks. They live in traditional stone houses, but many of them have telephones, radios. and television. They have horses, but they have trucks too.

Kachinasare an important part of the Hopi religion. Kachinasare spirits of dead people, of rocks, plants, and animals, and of the stars. Men dress as kachinas and do religious dance. People also make wooden kachinas. No two wooden kachinasare ever alike.

The children attend school, and they also learn the Hopi language, dances, stories. The Hopi want a comfortable, modern life, but they don't want to lose their traditions.
