

Colegio Técnico María Elvinia

Grado 2º

1. Une la tabla del 20

2x1	16
2x2	10
2x5	12
2x7	2
2x9	6
2x6	14
2x3	4
2x8	18

2. Completa el cuadro

ADICION	MULTIPLICACIÓN	TOTAL
2+2		
2+2+2		
2+2+2+2		
2+2+2+2+2		

$2+2+2+2+2+2$		
$2+2+2+2+2+2+2$		
$2+2+2+2+2+2+2+2$		
$2+2+2+2+2+2+2+2+2$		
$2+2+2+2+2+2+2+2+2+2$		

3. Selecciona el resultado correcto

2×5		
10	14	12

2×8		
16	19	18

2×2		
6	5	4

2×10		
22	20	12

2×7		
12	14	16

2×6		
12	26	16

4. Multiplica por dos

423		
$\times 2$		

389		
$\times 2$		

356		
$\times 2$		

5. CALCULO CON LA TABLA DEL 2

$2 \times 3 + 5 = \square$

$2 \times 9 - 3 = \square$

$2 \times 8 + 3 = \square$

$2 \times 4 - 2 = \square$

$2 \times 7 + 2 = \square$

$2 \times 6 - 9 = \square$

$2 \times 9 + 5 = \square$

$2 \times 7 - 9 = \square$

6. Arrastra el resultado al pétalo correspondiente

A flower-shaped matching exercise. The center is a yellow circle. There are 10 petals, each containing a multiplication problem: 2×1 , 2×2 , 2×3 , 2×4 , 2×5 , 2×6 , 2×7 , 2×8 , 2×9 , and 2×10 . Each problem has a small empty box next to it for the answer. To the left of the flower are 10 green rounded rectangles containing the results: 20, 4, 8, 10, 6, 12, 18, 14, 16, and 2. The task is to drag the result to the correct petal.
