LIVEWORKSHEETS

2. Join the picture with the correct sound.

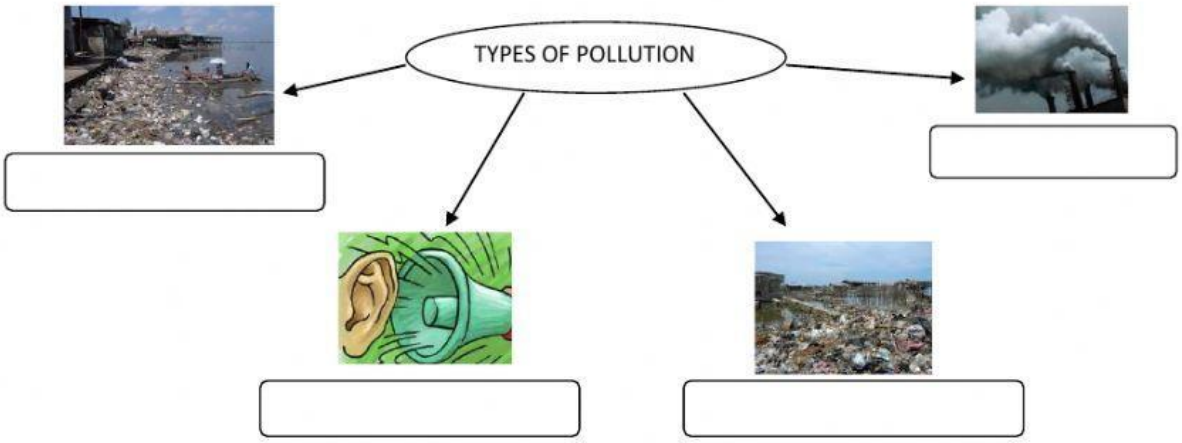

3). Click on the picture. Listen carefully then try to repeat what you hear by recording your voice in the audio gap.

LIVEWORKSHEETS

3) Label the pictures with the expressions from the box. Write all answers in lowercase letters.

land pollution / water pollution / land pollution / noise

4. What are the effects of pollution on the environment and on the people?
Look at the labeled pictures and choose the best answer.

					
Headache/ Stomachache	Hole in the ozone layer/ Hole in the earth	Smoke/smog	Disease/Sad/ Covid-19	Chemical reaction/ waste	Clean hand/ Heartache/ Skin rash
					
Burn/black fingers	Hospitalized/ Breathing problem	Rain/clouds/ Acid rain	Stomachache/ headache	Ear/earrings/ deafness	Weakness/ strong

5) Read both texts and choose the appropriate effects for each type of pollution.

TEXT 1

Because factories release fumes, the air people breathe gets polluted. Other well-known effects of fumes are smog, acid rain and holes in the ozone layer.

TEXT 2

Living in noisy overcrowded towns has become dangerous **because** everyday exposure to noise can cause headache, earaches and may lead to deafness.

Text	Type of pollution	causes	effects
1	Air pollution	Factories fumes	deafness smog headaches

LIVEWORKSHEETS

2	Noise pollution	noise	Holes in the ozone layer earaches acid rain

Then, answer the question:

Why is the air we breathe polluted? (text 1) Use lowercase letters in the gap.

→ The air we breathe is polluted _____

6)Read text 3 and text 4 and answer the questions:

TEXT 3

Toxic substances found in the food we eat and the air we breathe accumulate in our bodies and **result in** poor health like weakness, pains, aches disease and sickness.

TEXT 4

Paints, solvents, glues are all inflammable. They can catch fire and **result in** burns, skin rashes or risky chemical reactions.

Find equivalent expressions from text 3: Use lowercase letters in the text box.

Contaminated food = ...

Disease = ...

Read text 4 and label the pictures:

❶.....

❷.....

7)Circle the correct alternative:

Pollution is dangerous. (**That's why / Because / But**) everyone has to take actions against it. For example:

☛ (**Therefore / whereas / because**) household chemicals are harmful, we must handle them with care.

☛ Batteries from toys, mobile phones and cars leak heavy metals. (**Because / So / Can**) they must be disposed of properly.

☛ Moreover, people cut trees. (**As a result / First / Because**) many bird species disappear.

☛ Besides, plastic bags are a major source of waste. (**Therefore / Because / will**) we should not throw them everywhere.
