

# 28 City or Country?

## Listening and reading

1  69 Steve lives in Bristol, a city in England.

Read and listen to Steve and say if he wants to live in the country. Yes / No

There are some good things about living in a village in the country. It's quieter than the city. Also, it's more beautiful and it's cleaner because there aren't many cars and buses.

However, there are a lot of bad things about living in the country. It's more boring than living in the city. Cinemas, cafés and swimming pools are a long way from your home. Also, it's more difficult to go shopping in the country because there aren't many shops. But the worst thing about living in the country is that it's more difficult to find friends there. It's easier to find friends in a city because there are more kids the same age as you.

I live in Bristol and I like living in the city because it's more exciting and more interesting than living in the country.
