THE PLANET SONG

I.	First, order the paragraphs as you beli listening to the song.	ieve they go. Then, check by
But the I'm the	e is Venus I'm the hottest planet second planet from the sun brightest planet in our solar system n too hot for anyone	
	200 May 200 Ma	
	e is Mercury second hottest planet	
	second notiest planet sest one to the sun	
	on my surface is 88 days	
	smallest but I'm lots of fun	
There a	re eight planets in our solar system	
	evolve around the sun	
Learn al	bout the different planets	
	g along and have some fun	
My nam	e is Mars	
1	d in color	
he fourt	h planet from the sun	
	he highest mountain in our solar system	
A volcar	no named Olympus Mons	
My nam	e is Earth	
1000	planet you live on	
	rd Planet from the sun	
I'm the	only planet with organic life	
So, take	care of me because we're all one	
There a	re eight planets in our solar system	
We all r	evolve around the sun	
Learn al	bout the different planets	
Now sin	g along and have some fun!	
II.	What happened? Some words dis	appeared! Listen to the second
	part of the song and put the wor	ds in their correct place.
My nar	me is I am covered in c	clouds
I'm the	: fifth from the sun	planet Jupiter
My gia	nt red spot is a raging	
As for	size I'm the one	biggest storm

My name is I am	in color
I'm the sixth from the sun	Saturn rings
My outer are extremely thin	planet
They're made of dust and icy chunks	brown
My names I am blue in color	
T'en the state of the same	
I'm the planet from the sun	coldest
Humans have named me the plo	anet icy
Because I am the one	Uranus seventh
My name is I am ir	n color
I'm the eighth planet from the sun	furthest blue
I have too many in my atmos	phere storms Neptune
And I'm the planet from the s	12 (12 (12 (12 (12 (12 (12 (12 (12 (12 (
There are eight planets in our solar system	n
We all revolve around the sun	
Learn about the different planets	
Now sing along and have some fun	

III. Now, write the names of the planets.
