TRACK 46

Good morning. Thank you for inviting me to talk to you today. I like speaking to students, especially when there's a chance of making their lives a bit _____. Just to start, does anyone know what the most _____ crime is? No? Well, _____ is the most common crime in _____. There are various kinds of _____. For instance, _____, when a thief takes something away from someone personally. Like, when you're walking in the street and someone grabs your _____ or your _____ and runs away. That's robbery. Another form of theft is _____. when a thief _____ your house and steals your property.

OK. Now I'd like to go on to talk about safety _____. You probably know that when you're on _____, you're in much more danger of being robbed. This is because you probably don't know _____ very well. For example, you might not realize that you're in a _____. One of the things you can do to protect yourself is to keep your _____ and money in the safe in the hotel, You can always go back and get them if you need them. Another thing you can do is take an old _____ with you on holiday. These new _____ are very popular with thieves all over the world. It's safer just to take an old one.
