- 1 People used to believe that pool **was** / **wasn't** suitable for the whole family.
- 2 There are horse-riding lessons every **day** / **weekend**.
- 3 If you want to play golf you **don't need** / **need** to be physically strong.
- 4 Anna **likes** / **doesn't** like animals very much.
- 5 Petra and Maria enjoy **competitive sports** / **relaxing activities**.

1 _____**Volleyball**

Do you want to meet people with the same passion for winning as you? We need players for our volleyball team. You don't have to be very tall as long as you're athletic enough. We train in court 6 every Monday, Wednesday and Friday evening for an hour and a half, and we play a game every Sunday. If you already know the basics and would like to belong to a team, this is the sport for you. For teenagers over fifteen and young adults, no children.

2 _____**Pool**

Some people still think that pool is only for men. That couldn't be further from the truth. Nowadays, everyone can enjoy the game and they don't have to be fit, either! It's a relaxing game for the whole family and a great way to make friends. You don't need formal training and even a beginner can learn to play pool very easily. Plus, it's a suitable game for those who don't like, or have difficulty with physical sports. Our club has pool classes every Thursday and Saturday afternoons, so come along!

3 _____**Horse-riding**

If you love physical activity and animals and want to combine the two, this is the sport for you! At our club, we have classes for beginners, adults and children. Our horses are very friendly and well-trained and even if you've never been on a horse before, you won't face any problems. There are riding lessons every weekend all day long, but you have to call a day earlier to book a lesson. At the club, you can meet other horse-lovers and enjoy a day out in the fresh air, as well.

4 _____**Golf**

You're never too old to take up a new sport and golf is the perfect sport for anyone who wants to spend the day out on the course and enjoy the sunshine while doing some physical activity. As the sport doesn't require too much physical strength, it is suitable for young children and older people as well. When you've finished your round, you can enjoy a light snack at the club café while watching others play, and meet people with similar interests.

A

Anna, aged 65, would like to do some gentle sport but she isn't very fit. She would like to be outdoors and meet new people who also like the same things. She's not very keen on animals in general, but she likes walking in the park. She'd also like to be able to have a drink or a light meal after she's finished.

B

Dave and Sarah Dobson and their daughter Eileen are looking for an activity that they can do all together, but they don't want to do something which is too energetic because Eileen has a disability and she can't walk very easily. They'd like to find an indoor sport for the whole family, where they can have fun and meet other people, too.

C

Samantha would like her son, Simon, aged 10, to take up a sport where he'll be able to meet other children of his age, but where he'll also come into contact with animals and be outside. Samantha is a working mother and can only take Simon to his new activity on Saturdays or Sundays. She'd also like to share the same activity as her son.

D

Petra and Maria, aged fifteen, are best friends and want to take up a new sporting activity together. They're very athletic and competitive and love team sports. They are looking for something where they can train a few evenings a week and also maybe take part in games if they're good enough.
