★ There are many ancient stories from different countries. Some are about heroes and strange and exciting beasts which aren't real. These stories are called myths.

### Kid's Box reports Myths

**a**

Griffins have got the head, wings, front legs and claws of an eagle and the body and back legs of a lion. They make nests from gold.

**c**

A unicorn is a beautiful white horse with one long horn on its head. It's got a goat's feet and beard and a lion's tail.

**f**

Harpies are uglier than sirens. They live in nests and steal food from people.

**b**

A dragon is a beast which has the body of a lizard, so they haven't got fur like a cat or feathers like a bird: they've got scales like a fish. Some dragons have a bat's wings and some can breathe fire.

**d**

The centaur is part horse too, but it's got a man's head and top half of the body and the body and legs of a horse.

**g**

Sometimes people think sirens are the same as mermaids, but mermaids are half woman, half fish. They've got beautiful long hair, but they haven't got legs. They've got a big fish tail with scales.

**e**

Sirens and harpies are part bird, part woman, but they're different. Sirens live near water. They sing beautifully but they're dangerous because people sail their boats onto rocks.
