

Hello, and thank you for inviting me to talk about gender equality. Well, let's begin with (1) _____ and wages. Wage (2) _____ happens when workers are equally qualified and perform the same work, but some workers are paid more than others very often. Wage discrimination (3) _____ women negatively; on average, women work more than men, but they earn much (4) _____. I can give you some information. Women perform 66% of the world's work, reducing 50% of the food but earning 10% of the income and owning 1% of the (5) _____ and families where both parents work. For example, men and women spend about (6) _____ amounts of time working, but women still have to spend more time on housework, so how are our governments (7) _____ the problem of any quality in wages? As far as I know, many countries now (8) _____ and encourage women to join the (9) _____, police forces, and fire services. On the other hand, more and more men are now working in jobs like nursing, cleaning, and childcare.
