Alex received the email from his/her friend Jordan. Read the email and write a reply answering his/her questions.

Dear Alex,

My older brother/sister has just passed his/her university entrance exams and is leaving in two weeks. I really want to organize a celebration for him/her. There is a problem with the restrictions on numbers and masks and all that. I know you are a very imaginative person, can you help me to plan something?

Thanks for your help.

Jordan.
