## About Shopping

When we want to buy something we go to a shop. The shop assistant is ready to help us to choose the necessary **good**. We pay at the **cash-desk**.

In my family my mother does most of shopping because she knows better what we need. My father and I usually help her to carry **heavy** bags from the supermarket. We usually buy fresh vegetables at our **local** market.

My **duty** is to buy bread and water. It is very **convenient** to do shopping at the supermarket because all sections are located in one place. And we never mind the weather if it is rainy, cold or hot. In the dairy section my mother always buys milk, butter, cheese, **cream** and eggs. A **confectionary** store always sells sweets, chocolate and cakes.

There is a bakery near our house and when we run out of bread in the evening I go to the baker's for a loaf of white or brown bread.

My father buys nice flowers at the florist's and presents them to mother on some **occasion**.
