Long ago, I lodged in a stark hotel. Now that I am back to the same hotel, I saw a lot of changes. A huge waterfall _____ at the main entrance. The front desk _____ with a granite facing. The floor _____ with porcelain rectified tiles. The blue walls _____ in brown. The swimming pool _____, and it is larger now. A Jacuzzi _____ beside the beach. In the rooms, some walls _____ with slab stone and others _____ with frames, the bed linen _____ and new elegant furniture _____. And of course the air conditioner _____, and now it's so cold inside. This hotel looks much better than before. I love it.
