Buried Treasure

Abel's favorite place in the whole world is the creek in the woods behind his house. He loves to walk in the cool water and feel the pebbles under his feet. Abel and his best friend Jordan like to look for treasure in the pebbles.

One day, as they are playing in the creek, a strange-looking bottle floats by. Jordan picks up the bottle and sees that there is a paper inside. They can not believe their eyes when they see it is a map to a buried treasure! They follow the map to a large rock beside the creek and begin to dig. Finally, they see a small metal box.
