I had read about natural disasters before I actually saw one. I had read that [1]_____often happen during heat waves, and many trees burn down if the area is really dry. [2]_____often happen after [3]_____or tsunamis. The streets fill with water and sometimes the water even covers houses. [4]_____can happen after an earthquake. The quake is so strong that rocks and dirt come down mountains. After reading about so many natural disasters, I actually experienced one. I saw a [5]_____ in Hawaii. There was smoke and lava. It wasn't dangerous, though, because we were far away from it.

1. a. tsunamis	b. forest fires	c. floods
2. a. Tornados	b. Tsunamis	c. Floods
3. a. forest fires	b. hurricanes	c. landslides
4. a. Landslides	b. Avalanches	c. Hurricanes
5. a. flood	b. tornado	c. volcanic eruption

LIVEWORKSHEETS

9. Read this online forum.

David I live out in the country with my family, and we all try to use our bikes or public transportation instead of cars. People ask us how we manage, but it's not too bad. In fact, my dad says he wants to sell the car next year and not have one at all.

Alice We don't buy anything that comes in plastic bottles, but we ask all our friends to give us their old bottles. We cut off the tops and bottoms of the bottles and use them around small plants in our garden. The bottles protect the plants until they grow bigger.

Josh We live near a forest, so we're very lucky because we can go out and look for branches that have fallen off the trees. We would never cut down trees, but if tree branches and sticks are on t h e ground, we pick them up. We take the wood inside and burn it to keep our house warm.

Julia We're vegetarians. However, we keep chickens for their eggs and we eat those. We feed the chickens our leftover food every day. We don't throw away any food because we give it to the chickens.

Peter In my family, we try to consume as little energy and water as possible. We always turn off the lights when we're not in the room. And we have showers instead of baths. Baths use a lot more water than showers do.

Match each person (1–5) with what they would say (a–g). There are two more answers than you need.

1. David ____
2. Alice ____
3. Josh ____
4. Julia ____
5. Peter ____

a. We don't waste any food.
b. We've discovered how to find free food.
c. We're creative with how we reuse containers.
d. Living without a car won't be a problem.
e. We cut down enough trees to heat our house.
f. We heat our home for free.
g. We're careful not to waste energy and water.
