

## Bossaball

Bossaball is a spectacular new and unusual \_\_\_\_\_ invented in Spain by Filip Eyckmans who developed the concept in 2004. It is similar to \_\_\_\_\_, but also includes elements of \_\_\_\_\_, gymnastics and capoeira. The \_\_\_\_\_ is played on a specially designed inflatable \_\_\_\_\_ with a circular trampoline on each side of a net. It is a ball game between two \_\_\_\_\_, each consisting of 3 to 5 people
