be -have live play work make

The other day I was thinking about how things change. For example, I used to 1. have blonde hair when I was younger. It's dark now. My friends and I used to 2. play football every Saturday morning, but these days we never do that. I used to 3. live with my parents and my brother in a small flat in the center of our city, but now we live in a big house with a garden in a village outside the city. Dad used to 4. work for a newspaper, but now he works for a website. Mum used to 5. make a children's television programme called Milkshake, but now she writes stories. Grandad used to 6. be a police officer, but now he is retired. Nothing stays the same. It can be sad sometimes, but it keeps things interesting!
