Eddie's blog

This year my family and I are going on a special holiday. We're going to travel from London to Coventry by boat. We aren't going on the sea. We're going to travel on rivers and canals. We'll travel through towns like Oxford and Banbury, so we can visit them.

LIVEWORKSHEETS

We're going to stay on a canal boat. These boats are very comfortable, they're like homes. They've got kitchens, bedrooms, showers and everything you need for a two-week holiday. A lot of people live on the rivers and canals in the UK, so I think we'll make some friends. We have to learn how to use the boat – how to stop it, start it and turn right and left. We're going to leave London on 1 July. I think it will be a great adventure!
