DESCRIBING MY FAMILY

1. Listen and read:

Elaine and David are talking about their families.

I come from a small family. There are three people in my family: my parents and me. I look like my mother. We both have got blue eyes, blonde hair and a small nose. I am very different from my dad. He's quiet and very tolerant, but I am very talkative and impatient.

I come from a big family. There are five people in my family: my parents, my sister Jennifer, my brother Bryan, and me. I look like my father. We both have got brown eyes and wavy hair. I am different from my mum. She's very serious and generous, but I am funny and cheerful. My siblings are sporty like my dad. I like watching TV and listening to music.

2. Listen, read and repeat.

- Elaine comes from a small family. There are three people in her family: her parents and her.
- David comes from a big family. There are five people in his family: his parents, his sister Jennifer, his brother Bryan and him.
- Elaine looks like her mother. Both of them have got blue eyes, blonde hair and a small nose.
- David looks like his father. Both of them have got brown eyes and wavy hair.

3. Write new words with their meaning.
