"Shopping"
ESL Tests For Primary Kids

There is a long shopping street in the centre of my town. You can see lots of shops.

There is a shoe shop next to the bakery. There is a book shop between the bakery and the toy shop. The flower shop is on the left and the bike shop is on the right. There is a supermarket opposite the sweet shop.

My grandma goes to the supermarket every day. She always buys milk and bread. Today she's going to buy some vegetables, some cheese and meat. She's going to cook the dinner in the evening.
