***Lord of the flies* by William Golding**

I don't normally read / didn't normally read this kind of book, but my brother recommended it. It's a young adult novel that has told / tells the story of a group of British boys stuck on an uninhabited island who tried / try to govern themselves, with terrible results. The story focus / focuses on the main characters Piggy, Simon and Ralph, as they and the other boys fight / fought to survive on the island. Now free from the rules of adult society, the abandoned boys struggle / struggled with their conflicting human instincts: to work together and form a civilized group, or to turn to violence and chaos. The tone of the novel is / has been dark and pessimistic as the author gives / has given us his view of human nature.

3. Complete the story by choosing the right option.
