Why is the earth organized in layers?

1. Identify the layers of the earth in the diagram below by moving the names

Outer core Inner core Mantle Crust

STRUCTURE OF THE EARTH

2. Complete the data using what you have researched about the layers

	State of matter	General composition
CRUST		
MANTLE		
OUTER CORE		
INNER CORE		

3. Based on the results from the experiment organize the layer of the earth

4. R	ead each	description	. Choose the	e laver of the earth		
1.		MINNESS CO.		c layer of the cartif	that it refers to.	
1.						ALL DESIGNATION OF THE PARTY OF
	It is the th	nickest layer				
2.			ne pressure o	of the other layers on t	on of it	
3.		ninnest layer	ic pressure o		op or it	
4.		e of liquid roc				
5.	These are	e the two soli	d layers of ea	arth an	d	
5. H	low does	the experim	ent simulate	es the layers of the	earth?	
6 P	Based on t	the results f	rom the exp	periment Why is the	earth's interior	
				periment. Why is the
