Sweet memories …

- *What used to be your favourite toy?*
- *What games would you play when you were six years old?*
- *Who would you spend most of your time with in your childhood?*
- *Who would tell you stories before going to bed?*
- *What did you use to love/hate doing?*

1. Watch the video and answer the questions:

- *Who does the girl remember being with in her childhood?*
- *Who were her favourite childhood memories about?*

2. Put these statements in order they appear, watch again and check:

	*He **would take** me to the church where they got married.*
	Your mother gave me a special gift, she gave me the world.
	*My favourite memories were the stories he **would tell** me about my mum.*
	I remember being with my dad.
	*He **would pack** our "walking car" and he **would tell** me amazing stories about strange and exotic places.*
1.	*There are two things I remember about my childhood.*
	*I **would beg** him to tell me more about the ceremony and about crazy uncle Irwin who fell asleep in macaroni and cheese.*
	*He **would say**, "Life does not always turn out the way you plan."*
