# SCIENCE YEAR 3

## FLOAT AND SINK

Prepared by: Teacher Rohanah Binti Ismail

Let's Test: (Refer to textbook page 97)
Testing objects that float and objects that sink.

Follow these instructions and do an experiment.

1. Collect 8 things that you can find in your house.
2. Prepare a small aquarium or bowl.
3. Fill the aquarium/bowl with water.
4. Put all objects to be tested in aquarium or bowl.
5. Observe whether each object floats or sinks.
6. Take your picture while doing the test.
7. Key in the results in the table A below.

Table A

| | Object | Float | Sink |
|---|---|---|---|
| 1. | Coin | | |
| 2. | Ping-pong ball | | |
| 3. | Marble | | |
| 4. | Soap | | |
| 5. | Sponge | | |
| 6. | Plastic bottle | | |
| 7. | Pencil | | |
| 8. | Rubber band | | |
