MARINA BAY SANDS HOTEL

1 The Marina Bay Sands Hotel in Singapore is more than just a hotel: it's like a small city. There's a museum, a luxury shopping center, a casino, and two theaters. If that isn't enough, it also has the most beautiful view of Singapore.

5 Building a hotel as huge as the Marina Bay Sands was a challenge. The hardest part of the project was making the rooftop observation deck called The Skypark. The deck is over all three of the hotel's 55-story towers, and it's as long as the Eiffel Tower. To build it, engineers had to use the same
10 technology used to make some of the world's biggest bridges. In all, more than 15,000 people worked night and day for almost three years to finish the project.

11. Why does the writer say the hotel is like a small city?
 - A. The hotel was built on an area that was used to be the city.
 - B. It is the first hotel of this city that is very popular.
 - C. The visitors can find anything in the hotel.
12. What can guests do at the hotel?
 - A. They can go shopping.
 - B. They can play tennis.
 - C. They can take cooking classes.
13. Who most likely stays at the Marina Bay Sands Hotel?
 - A. University students and backpackers
 - B. Poor families with many children
 - C. People who like luxury
14. The Skypark -----
 - A. has a great view of Singapore
 - B. is 500 meters high
 - C. is a shopping center

15. What is NOT correct about Marina Bay Sands Hotel?
- A. The project of building this hotel is very hard.
 - B. The hotel has 55 towers.
 - C. The technology of building bridges was used to build the hotel.
