

1 Read Sophia's email to a friend in Canada. What does she like about the life in London?

Hi Lisa,
Thanks for your email – it was nice to hear from you.
Things in London are going well. It's a big city and there are lots of things I can do. I'm making some new friends here. I work in an office with a girl called Megan. She's from London and she's very friendly. She helped me a lot when I arrived. I also know her cousin James. He's very kind. I often see them at the weekend.
My flat is quite big. It's comfortable and I like it a lot. It's near my office, so I can walk to work every day. I like that!
I miss my family at home and I miss my friends, too! Write again soon.
Love,
Sophia
