

My Room

Read Leona's description of her room. Watch the picture and answer the questions.

My Room

My room is not big but it is beautiful and comfortable. Opposite the door there is a bookshelf and the wardrobe. My favourite colours are pink and blue so you can see plenty of pink and blue clothes in my wardrobe. There is a desk with the laptop between the bookshelf and the window.

My favourite subject is Science. I like animals and plants and I love flowers. That's why I have a lot of books and posters about them. There are some plants above the window.

There is a large bed with pillows in the middle of the room. Next to the bed there is a nightstand with a lamp on it. Opposite the bed there is a small sofa with three cushions.

My room is clean and tidy. I spend a lot of time there reading books and learning. Sometimes I invite my friends and we have fun together. I love my room very much.
